Important notice to all plot holders

COVID-19

The government has introduced new measures that are intended to help control the spread of COVID-19. Please note the following:

1. **Social distancing** – We understand that people want to work on their plots, but close proximity with neighbours should be avoided.
2. For **people over 70** the advice is stricter. If you or your neighbours are over 70 please take extra care and ensure that you maintain physical distance.
3. After opening and closing the gate **hands should be washed with soap or hand sanitizer**. We will turn the water on as soon as possible.
4. Please do not share tools.
5. The shop will not be open for the time being. We are considering ways to give people access to the goods on sale – ideas welcome.
6. **From 18 March 2020, the gate must be kept locked at all times.**
We have had a further episode of intruders and need to maintain the security and wellbeing of plot holders.

The committee will not be able to meet face to face for the next few months, but we will stay in regular communication and will continue to make and advise of our decisions. We will also suspend plot inspections, given the challenges that may affect our plot holders.

We wish all plot holders well. If you have any concerns or questions, please contact one of the committee
